RF Power Meter for QRPers 220k 470uH 25w 0A95 RF in BNC or Use any RF choke - value 12k 2w 47k SO239 not critical germanium socket diode . 200uA 0.001uF 50 ohm 0.001uF Keep 25w leads Warning: This is primarily a QRP short Disc ceramic Use several instrument. Use for prolonged capacitors lower power periods with high power will resistors in damage diode. parallel VK3YE 1999
